I am a trained lawyer, however I have decided to pursue my true passion: programming. What I lack in formal education I make up for in motivation and hard work!

Education

2020 – 2020 **Zero to Mastery Academy**, *Web Developer Certificate*

2016 – 2018 **Aix-Marseille University**, *M.A International Law*

Professional Experience

2019 – present **Freelance**, *Javascript Developer* Rennes, France

- Face Detector: built a full stack app detecting faces in pictures using React, Node, PostgreSQL
- Movie Generator: built a single-page web app generating info on any movie

07/2018 – 10/2018 **French Ministry of Foreign Affairs**, *Legal Intern* Paris, France

- Participated in the drafting of the French written submission in Eq. Guinea v. France
- Legal advising (embassies, ministries) on various international law issues

Technical Skills

ES6	React
Node.js	Git

Languages

English (TOEFL 116/120) • **French** • **Bosnian**
